LIBRARY RENEWAL PROJECT

After years of discussion, public forums, and listening to input, Ames Public Library is ready for renewal! Ames has used its library heavily from its opening in 1904 through three expansions. With checkouts topping 1.4 million a year and annual visitors nearing half a million, Ames Public Library is one of the busiest libraries in cities of this size. In fact, activity at our library has more than doubled since the last time the building was expanded in 1985.

Library staff, volunteers, community members, and architects have come together to create a plan to renovate the library and add on about 29,000 square feet. The renewal project aims to create the public library that Ames deserves, with a safer and more secure environment, energy efficient design, and the flexibility to adapt to the community's diverse needs for future generations. The Ames Public Library Renewal Project will go before the Ames voters as part of the ballot on Tuesday, November 8. For more information, visit www.amespubliclibrary.org and click on the "Library Renewal Project" button.
